1. Reference: Memo, DCI/ICS 83-4299, SAA, 23 March 1983
2. Comments: The following comments are provided as requested by paragraph 2 of subject reference.

Comment 1. Page 16, lines 7 and 8: Insert after program
"that provide useful tipoffs and confirmation
obtained from technical collection. Yet, both of
these sources have severe limitations."

25X1

Comment 2. Page 20, Lines 3 and 4: Change sentence to "A
briefing along the lines of a tutorial or
collection support brief (CSB) should be developed
and distributed to collection elements concerned
with the cruise missile problem"

Rationale: Specificity. (See recommendation for
CSB on page 32.)

Comment 3. Page 20, line 19: Add after briefing guide "or
detailed targeting studies" that "incorporate"....

Rationale: Collection targeting studies could
assist in identifying key personnel and facilities
involved in R&D of Soviet cruise missile program.
